

Gilroy Man Takes Over As Head Of District Hospital

Clarke L. Boe, for 12½ years administrator at the Wheeler Hospital, a community institution at Gilroy, has arrived here to replace Delos Bristor as head of the Tahoe Forest Hospital.

Bristor, administrator of the Tahoe Forest Hospital for the past three years, has resigned and will leave Friday for Seattle, Washington, where he has accepted a similar position. During Bristor's administration, the local hospital has been expanded and the new wing, providing more than twice the original space, and modern throughout, will be opened. This was made possible through the passage of two bond issues.

During the time Boe was administrator of the Gilroy hospital, the institution gained accreditation by the Joint Commission on Accredited Hospitals, a new hospital was constructed and placed in operation and the old building was converted into a convalescent hospital.

Boe is a native of Iowa and attended the Iowa State Teachers College, Morningside College at Sioux City, the University of Chicago, Army Medical School and the Army Adjutant School in Washington, D. C.

He taught junior high school for five years, served 15 years with the U. S. Medical Department, including eight years as executive officer at the San Francisco Medical Depot and two years in a similar position in Japan and a year in administration in the surgical office in Manila. He was discharged with rank of lieutenant colonel in 1949. Prior to going to Gilroy, he was administrator of the Johnson Hospital in Meridian, Miss., for three years.

The all-new show, promising to be bigger, more exciting and daring than ever—is an adult potpourri of glamorous girls, imaginative humor and provocative music. Produced by Frederic Apar, the new "Vive Les Girls" edition is one of the most unusual "no cameras" stage productions ever seen on the shores of Lake Tahoe.

This is the fourth year that "Vive Les Girls" had been staged at Nevada Lodge, this all-new show brings the excitement of the Folies Bergere, the splendor of the Zieg-

field Follies and the fun of Barnum & Bailey.

Filling Nevada Lodge's spacious Topaz Room stage, the extravaganza attracts entertainment buffs from all corners of the country. "Vive Les Girls" will continue at Nevada Lodge throughout the summer weeks.

Overall Drug Arrests Go Up During Year

SACRAMENTO — (CNS) — A changing picture of illegal drug use in California during 1965 resulted in a 11.4 per cent overall increase in drug arrests but a 22 per cent decline in offenses involving heroin and hard narcotics.

Attorney General Thomas C. Lynch said adult arrests for marijuana offenses rose 33 per cent during the year, while dangerous drug violations jumped 40.4 per

cent. Lynch's report on drug arrest statistics for the year indicated more and more young people are becoming involved with marijuana and dangerous drugs.

During the year, there were 21,434 adult arrests and 2677 juvenile arrests. The latter was an increase of 33.5 per cent. Of the juvenile arrests, 95.1 per cent involved marijuana and juvenile arrests.

Friend and frequent visitor to the North Shore is C. W. "Corky" Lingenfelter and wife, Laura. Corky has filed for a seat in the Nevada Assembly on the Republican ticket. He was raised in the Gerlach area and graduated from the University of Nevada where he is now working on a Master's Degree in Economics.

Working as secretary in our Reno office is Sherie Smith. Discussing Lake Tahoe we find Sherie is the granddaughter of long time friend and former resident of Tahoe Vista, Thelma Burroughs. Thelma is now an Auburn resident but frequently had Sherie as a visitor when she was at Lake Tahoe.

The VFW Auxiliary met at the Crystal Bay Club on Wednesday night with Stella Farrell, president, officiating. Present were Pauline Talcott, Pearl Draney, Carol Weymann, Clea Liddle, Sophie Leira, Eunadell Crawford, Louise Walter, Donna Killian. The evening's business was mainly the discussion of the convention at Crystal Bay on the 23, 24 and 25th of this month. The Nevada State Convention will elect new officers and commander, outgoing commander is Art Johnson of Reno and outgoing president Agnes Crow of Las Vegas.

The next meeting before the con-

vention will be June 15th at the Nevada Lodge. Clea Liddle and Noble Murray were appointed chairmen of the convention for the local VFW Auxiliary.

The VFW and Auxiliary extend their thanks to all who participated in the poppy sale which netted over \$200. These monies assist the disabled veterans and orphans of the veterans.

Robert and Valarie Killian of Grants Pass, Oregon, were recent guests to Richard and Donna Killian at Incline Village. Sylvester Paul Killian, Robert and Richard's father, and his daughter Pauline Fischer of Ridgecrest, California, vacationed with Richard and Donna at the same time. The Chataux was frequented during their visit as father's hobby is dancing and at 80 he outdanced the younger set.

Robert and Valarie are operating a motorcycle shop at Grants Pass.

Happy birthday to Jimmie Hume of Incline Beach, June 5th. Jimmie was joined for dinner at the North Shore Club Hotel by wife, Emma Jean and Harold Murphy. Weekend guests of Mex and Mae Springer at Incline Village were Jimmy and Jean Hale of Jackson Hole, Wyoming. The Hales are well known in this area having been former owners of Hales Drug Stores.

Sharing the same birth date with Jimmie Hume is Mex Springer of

Incline Village. A dinner party at the North Shore Club on Sunday night feted Mex and was attended by wife Mae, Irene Kaiser, Jetta Steward and Major Tom Lyons of Reno. Major Lyons has just returned to Reno from a year in Viet Nam and attended high school with Mex.

DONNER DOINGS

Typical spring weather is upon us now, sporadic wind, rain, even a touch of snow; cool, then warm weather, some days the fish bite and some days they don't. By the way, don't forget the limit for Donner Lake is five fish now. We're supposed to get the bigger trout planted this season, but who knows when? We're all waiting!

Mamma duck came swimming by the other day guarding her brood of nine tiny ducklings from the seagull that was swooping down on them. Five of the little ones managed to cling to her back and got a free ride as they headed down the lake; quite a sight.

The usual eagle has been missed around the area; however, a beauty came flying over the car and landed in the grassy area east of Gateway Monday. He looked a bit bewildered too.

Sky Miles is conducting all types of rescue services these days... Sunday he got in his boat and picked up Fritz, a little daschund that was swimming after a large beach ball but becoming very tired.

After those monstrous waves last week, Sky has been retrieving all his boats, even at his well protected Cottage Pines Resort pier.

After working 30 years for the State of California and retiring as an engineer in the road department, Morby Swanson was in his brother Dick's real estate office this week talking with the fellows and relaxing knowing that he no longer had to go to work, when the phone rang. It was his wife Hulda asking him to come and fix something at their lakefront home. Did somebody say retire?

Flag Day is Tuesday—let's display the colors.

A lot of children will be walking, riding bicycles, etc., on old hiway 40 along the lake during vacation time, so drivers, let's check our speed and keep a watch out for the youngsters and their pets.

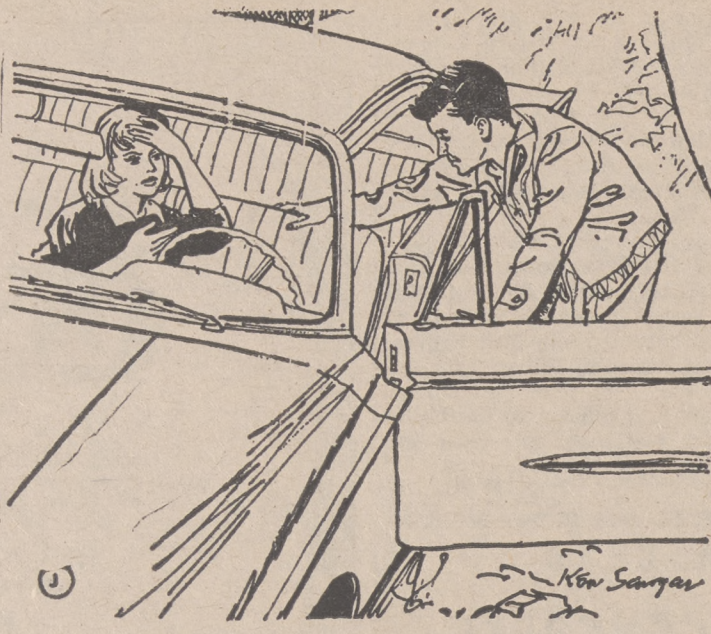

Randy Lawrence had a close call when he was almost hit by a car when he ran across the hiway last week.

Two Donner Lake women are officers on the Wyethia Women's Club of Truckee. Laura Horman is corresponding secretary and Sadie Fields is treasurer.

Laura modeled some lovely old creations of the 1900's during the fashion show at the Crystal Bay Club June 2nd. After the joint installation of officers with the Women's Club of Tahoe City.

Both new bids for a post office station at Donner Lake were refused, so it looks like it will be

COOL AND COLLECTED—Concentrating on the job of driving requires an alert mind, says the California State Automobile Association. If you are fatigued, emotionally upset, disturbed by personal problems or distracted by others in the vehicle, you may not give your full attention to driving. Whenever you find yourself in such a situation, let someone else take the wheel or stop and rest.

some time before our requests are fulfilled. The bids were too high.

Doctor Ed Wilkins and his family are now members of the Donner Lake Sailing Club and plan to enter their Blue Jay in the club championships in October.

Edith and Gene Welch have some interesting shoes and a handbag made of elephant hide that were sent to them by her son, Staff Sergeant Bob Miller from Saigon when he was stationed in Viet Nam. At the moment he and his family are in England enjoying a brief vacation before he is stationed in Munich, Germany.

Bob had a wonderful stopover here in Truckee recently, and saw many of his friends.

The bag and shoes can be seen at Welch's Hardware in Truckee.

The cable that Tom's TV Service is installing along the Donner Lake area is just rounding the bend at Southshore Drive and will soon be available to people at the far west end of the lake. Four channels are serviced on the cable.

It certainly was wonderful to be able to view the exciting landing of the Surveyors spacecraft on the moon and see the actual pictures it was taking of the moon's surface immediately.

It is estimated that damage caused by pollution to crops, metals, livestock, defacing of personal and public property and other effects costs the United States \$11 billion annually.

A parcel number as for example '3-363-5' would mean Book 3 of the Assessor's Maps, Block 363 (Map 36 Block 3) and parcel 5 within that block. The maps referred to are available for inspection in the office of the Assessor.

On Obscene Calls

Pacific Telephone has stepped up its program to cope with obscene and threatening telephone calls, the firm's local manager Jack Domergue said today.

The company's current move, he said, implements its long-standing practice of working closely with customers and law authorities to control the problem.

Domergue said company business office personnel and telephone operators are receiving special training to assist customers in dealing with such calls. Cases requiring further action are referred to the company's security agents who are specialists in combating telephone abuse and fraud.

The current efforts, Domergue explained, are in keeping with concern shown throughout the nation over the volume of harassing, abusive, obscene or threatening calls.

Domergue pointed out these calls violate state laws and that Pacific Telephone and the rest of the Bell System are strongly in favor of prosecution of violators.

Section 635M of the California penal code makes it unlawful for persons to make obscene, threatening, and other annoyance calls. Persons convicted under this section are guilty of a misdemeanor, subject to imprisonment up to six months, a \$500 fine, or both.

Domergue said company security agents investigated nearly 800 complaints last year from persons reporting they were victims of some kind of annoyance calls. Of arrests made in connection with these cases, 80 per cent resulted in convictions.

"Persons who believe they are victims of annoyance calls are invited to call the company business office and discuss the problem with a trained customer representative," Domergue said.

In aggravated or extreme instances, particularly where there is a threat of bodily harm, the company will attempt to identify the source of the call, and will work closely with law enforcement agencies on the case.

Domergue said there are certain steps the individual may take in coping with annoyance callers.

These steps, he explained, usually include insisting that the caller identify himself and that no information be volunteered, or further conversation take place until this is done.

In cases where annoyance calls

persist, company representatives advise customers how to obtain certain information that would assist in identifying the caller.

Customers also are advised they can, if they desire, change their telephone number or arrange so that it does not appear in the telephone directory or "information" records.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO — (CNS) — Politics, which generally is credited with making strange bedfellows, also produces some strange actions in the state legislature.

The state assembly, after a delay of nearly seven weeks, has approved the bill which provides all California drivers shall be deemed to have given their consent to take a chemical test for intoxication if they are stopped on the highway. This "implied consent" would be considered a condition of receiving a driver's license.

Drivers who refused to submit to the test—which could be by breath, blood or urine—would face a six-month suspension of their driver's license.

The bill, SB3 by Senator Randolph Collier, D-Yreka, is not a new subject before the legislature. In one form or another, it has been killed in one way or another, on numerous occasions. But this is an election year and many lawmakers felt a vote against the bill might

be interpreted as a vote in favor of drunk drivers.

At the same time this year, the bill was introduced which would have required that smog control devices on motor vehicles be inspected at least once a year as to their operability. Motorists would have been required to carry a sticker on their vehicles, attesting to the fact the devices had been inspected and were in working order.

This bill never got out of committee and never was considered seriously this year.

The reason? Legislators felt this was an imposition on the motorists and might result in added cost to them in fees for the inspection. They felt this election year was not the time to impose upon the millions of vehicle owner-voters.

The lack of action on the inspection bill came, despite the fact the lawmakers approved legislation—now signed into law—requiring installation of the anti-smog devices on vehicles in most of the populous counties. The bill limits cost of the devices to \$65 and annual maintenance to \$15.

This writer does not care to go into the merits of either the drunk driving or the smog inspection bill, other than to point out that the former makes a big step in restriction of drivers' rights with no par-

ticular proof it would cut down on the slaughter on the highways. On the latter measure, the lawmakers voted to impose costs of \$65 and \$15 a year for smog devices but declined to make sure the devices would be effective against smog by making sure they were in operating condition.

It would seem, however, that, if votes on both of these measures were to be calculated or determined on the basis of how the electors would react at the polls, this is a poor way to legislate. Both subjects were placed before the legislature for consideration in this election year by Governor Edmund G. Brown.

So there is the added question of whether it was proper for the governor to exercise his powers of considering both subjects of emergency nature and placing them before the legislature. Governor Brown, of course, is running for reelection too.

One indicator of the nature of the consideration of the drunk driving bill was the fact that the 15 votes against it all came from Democrats. Of the 15 assemblymen who were absent or not voting on the bill, 11 were Democrats. This would almost make it appear that it was a party issue.

California voters, already confused by the long 1966 legislative session, may be even more confused by the apparent indication that drunk driving is a Republican or Democratic problem.

Silver Spurs to Give Performance at THS

The dancing Silver Spurs of Spokane, Wash., will give a two hour musical and dance review of specialty numbers at the Tahoe Truckee High School gymnasium Sunday, June 12 at 8 p. m.

The program is geared for family-type entertainment and admissions are kept at a minimum so all can attend. Proceeds from the affair, sponsored by the North Lake Tahoe Chamber of Commerce, will go toward the Tahoe-Truckee continuing scholarship fund.

Through the generosity of Mrs. Richard Carnell, president of the Tahoe Lake School PTA, a Bar-B-Q and picnic will be staged for the visiting 26 teen-agers and their chaperones and director, Bud Henderson. Mrs. Robert Sutton, president of the Truckee PTA, is also assisting in arrangements and ticket sales.

Among the families who have opened their homes to accommodate the group are Mr. and Mrs. Ron Attardi, G. David Edwards, Dan Hauserman, Harvey Hopkins, Dave Jay, R. McClanahan all of Tahoe City; Jack Domergue of Squaw Valley and Bill Fielder, Fred Tuemmler and Frank England of Truckee.

Tickets are available at the North Shore Chamber of Commerce or may be obtained at the door on the evening of the performance.

Award of Merit for Highway Division

SACRAMENTO — The National Safety Council's Award of Merit will be presented to the California Division of Highways on June 22 during a meeting of the California Highway Commission.

The award, in the form of a plaque, will be presented by Kenneth B. Brown of the Sacramento Safety Council. State Highway Engineer J. C. Womack will accept on behalf of all the employees of the division of highways.

The division's accident frequency in 1965 was 50 per cent lower than the average for all state highway departments in the nation.

The division won the same National Safety Council Award in 1963.

Sierra College Urges Enrollees to Apply

Although the fall term doesn't start until September 6, Sierra College officials today urged all prospective enrollees to apply early so that counselling and class scheduling appointments can be made for the summer.

Ten Sierra instructors will spend most of the summer counselling, by appointment only, incoming students. Registrar Martin Taylor urged all new students to use the service. Deadline for registration by mail is August 29.

High Bidder

On April 28, Yuba River Lumber Company of Grass Valley, with a bid of \$54,000, was high bidder for 3200 M board feet of timber located in the Castle Peak Unit of the Bear Valley Working Circle on the Big Bend District of the Tahoe National Forest. Other bidders were James R. Timber Company of Truckee; Erickson Lumber Company of Marysville, and Brunswick Timber Products of Nevada City.

Award of the timber was made by Timber Officer Bob Pywell at Nevada City on May 31.

KEEP OUR FORESTS GREEN

Meet Held Recently By Pool Committee

The citizens' swimming pool committee met recently at a dinner meeting in the home of Dr. and Mrs. Ed Wilkins. Honored guests, Grant Caywood, architect, and Gordon Hart, engineer from the Sacramento area, were interviewed by the group during the evening.

At a previous meeting the committee met and interviewed Frank Wetmore, a pool consultant from Vallejo.

Three members of the committee were recent guests of the Reno Recreation District. Ron Cox, supervisor of pools for the district, conducted the small group on a tour of the swimming pools in Reno, Carson City, Virginia City, Bowers Mansion and Gardnerville-Minden.

Progress on the pool is going steadily ahead and the committee again stresses the need for community support by the individual, the business and the many community organizations in our area.

Due to the lack of a swimming pool in our area, the regular Red Cross swim program for the children has been cancelled. The Truckee-Donner Recreation and Park District plans to offer an alternate program to be conducted in Donner Lake later in the summer.

Five adult members of the community have been driving to Reno to attend swimming classes in senior lifesaving; two adult members of our community are attending classes in water safety instruction. With the many lakes and streams in our area, water safety can't be over emphasized; a swimming pool in the area would make water safety classes available to everyone.

THREE-WAY SIGNS AT HIGHWAY DETOUR

Watch those stop signs. California highway officials today reminded Truckee area motorists of the temporary detour and stop signs on a portion of the Interstate 80/Highway 89 interchange east of town.

Eastbound lanes of the freeway are blocked off for bridge repairs and through traffic is being routed over the off and on ramps. There are three-way stop signs at the intersection of the ramps and Highway 89 over the freeway.

Local drivers who are not used to the stops on Highway 89 were asked to be on the alert for the signs. Several near accidents have occurred due to drivers running the stops.

The signs will be in effect for about three more weeks. The deck of the bridge was damaged several weeks ago by an overheight truck.

Mrs. Cattin Named Head Of Wyethia

The regular meeting of the Wyethia Federated Women's Club was held at the clubhouse on May 20, featuring a "pot luck" luncheon, Mrs. Eva Aweeka, presiding.

The guest speaker was Harold Berliner, Nevada County district attorney who had been a delegate at the governor's conference on beautification. He spoke of the rapid population growth of our state and the many related problems. The over-all beautification program is a large one, but he pointed out that the immediate steps lie in regional planning and individual good housekeeping habits. He commended the fire department spring cleanup as a step in the right direction. A lively question and answer period followed.

After the program, Wyethia Club elected officers for the following year as follows: president, Mrs. Marika Cattin; vice president, Mrs. Mary Wolter; secretary, Mrs. Laura Horman, and treasurer, Mrs. Sadie Fields.

This panel of officers was installed on June 2 by Mrs. Ruby Eagleton, junior past president of the Sutter District together with the new officers of the Tahoe City Women's Club. The installation was held at the Crystal Bay Club following a delicious buffet lunch attended by more than one hundred members and guests.

Following the installation, the program was a fashion show of styles of yesterday and today with the members modeling heirlooms and current fashions of their own sewing and knitting.

Chamber Plans For Exhibit Of Antiques

An attempt to revive some of the history of Donner Lake and Truckee will be made by the Truckee-Donner Chamber of Commerce and Truckee Lions Club on July 13th.

Exhibits are planned for the affair that may attract many old timers and descendants of the famous Donner Party. Of interest to authors and writers will be artifacts such as arrow head collections; old skis, sleds, lamps and varied antiques.

Newspapers are invited to send copies of historical stories and pictures of the past for display. Many oldsters will be interviewed and stories taped by radio and television personalities for posterity.

"Not too many persons are still alive who can furnish authentic history of our flamboyant past," says Daven Morey, president of the chamber of commerce. "This area is rich in western traditions and is still the leading gateway to California. We must record some of these interesting tales and make them available to the writers of the future," he added.

Newsmen, television and radio media are also invited to attend the meeting. Old maps, pictures and stories will be on display. All material should be directed to Chairman Carson White, Donner Lake Lodge, Truckee. Prizes will be given for best displays of arrowheads, authentic costumes of the 19th century period. An award will be made for the best newspaper display.

The chamber is also considering erection of a new museum in addition to the present one at Donner Lake State Park.
